

RAMSeS (Research Administration Management System and electronic Submission) is UNC-GA's official proposal tracking and award management system. It is used to create and manage the official University records for all sponsored projects. Each record contains both financial and compliance information necessary for submission as well as financial management once an award has been made.

All proposals requesting funding for a grant, contract or cooperative agreement, whether submitted electronically or via hardcopy, must be routed through RAMSeS. This is accomplished by preparing an electronic Internal Processing Form (eIPF) which is mandatory for all applications regardless of the funding source or submission method.

This manual is designed to walk Research Administrators (RA) and Principal Investigators (PI) through creating and managing submissions in RAMSeS. If at any time you have problems, you should contact the Sponsored Programs Office on your campus.

RAMSeS Submissions

Log into RAMSeS to create or work with a current submission by going to the following link:

<https://uncfsu.edu.myresearchonline.org/ramses> .

Please Login to Continue

To proceed with the login process, please select your campus from the options below.

Select Your Campus:

UNC Greensboro

☒ Remember My Selection

Submit

NOTE:

If you are not officially affiliated with one of The University of North Carolina's 17 institutions, you are not currently eligible to participate in this program.

If you are officially affiliated with The University of North Carolina, but do not see your school listed above, please [contact us for assistance](#).

Figure 1

The first time you log in, or if you are using a different computer, you will see a box asking you to choose your campus, as seen in figure 1. From the drop down select your campus and then check the box "Remember My Selection" and click the submit button *(the selection will be remembered until the history has been cleared on the computer being used)*.

Enter your University user name and password at the next screen (see Figure 2).

If you have problems logging into RAMSeS, you should do the following:

- First, attempt to reset your University ID's password .
- If resetting the password does not work, contact OSRP .

User name:

Password:

Sign in

Inter-institutional Registration uses UNC's Hovell user names and passwords. If you're having problems logging in or need to reset your password, please visit [reset.uncg.edu](#).

Figure 2

Once you are logged in, the screen will look like Figure 3 below. The home page, also referred to as the “Dashboard,” is where Principal Investigators (PIs) or administrators create new or access prior submissions and awards. It is also the place for department heads and deans to access proposals for their respective departments or schools/colleges.

Figure 3

The menu links do the following:

- **Start New Proposal** – Where the RA or PI goes to create a new proposal
- **My Proposals** – List of all unsubmitted /submitted proposals that the user created or is named on
- **Proposals in My Dept** – Access for department heads/deans to all proposals from/associated with faculty in their department or school/college
- **Assumption of Risk Inbox** – OSRP use only
- **My Awards** – List of all Active /Inactive awards for the PI logged in or anyone listed as an Administrative Contact on the award
- **Awards In My Dept** – Access for department heads/deans to all awards for/associated with faculty in their department or school/college
- **ARRA Submissions** – Used for accessing ARRA reports (only PIs who have an ARRA-funded project will see information here)
- **PI Certification Inbox** – Shows list of submissions that require the PI to electronically approve
- **Dept Approval Inbox** – Shows list of submissions that require the department head's / dean's electronic approval

The center of the screen provides information about both the Proposal and Award Dashboards and provides links to the Frequently Asked Questions and Help files. The Help file is also accessible from every page within a proposal.

An Adobe printable document of a proposal can be obtained by clicking on the adobe icon at any time . This icon is found on the far right of the row for each proposal shown and under each menu option on the home page except for START NEW PROPOSAL and ARRA SUBMISSIONS. Within a proposal, the Adobe icon is located in the top left right beside the proposal number. The Adobe document contains all information that was entered while answering the questions on the eIPF, the name and size of every attachment associated with the proposal, and the date and time approvers required to “sign off” on the proposal complete this task (see Appendix 1 for an example).

Creating a new proposal

Click on the Start New Proposal link and begin filling in the required fields. Throughout RAMSeS, required fields are marked with a red asterisk (*). To aid you, the information related to these fields will be marked with an asterisk (*) in this documentation.

The first screen in RAMSeS is divided into two sections: Funding Agency(ies) and General Proposal Information (Figure 4).

General Information

The magnifying glass () to the right of any field enables a search of a pre-populated list. Each of these is based on keyword searches. Therefore, it is not necessary to type the entire agency name to retrieve the information. Instead, enter a portion or an abbreviation of the name. For instance, if the PI is applying to the National Institute of Child Health and Human Development (NICHD), the RA or PI should search using NIH, NICHD, Child Health, or Human Development to bring up a list of choices (Figures 5 & 6). This will regularize the official name of the agency in the RAMSeS record.

Figure 4 (showing how the screen looks when you first start a new proposal)

Funding Agency(ies)

- ***Funding Agency:** Select the Agency/Sponsor that will directly fund the research/project at your University from the list in the popup window. Generally speaking, this is the Agency/Sponsor whose name will be on the check or to whom OSRP will send invoices. If the Sponsor is not listed, select “Organization Not Listed” and then enter the name of the Sponsor.

Figure 5 Sponsor popup window

Figure 6 (showing an example of the results of a keyword search)

- **Funding Opportunity/Sponsor Application Number:** If applicable, enter the alphanumeric number for this Request for Proposals (RFP)—in Grants.gov, this is called the Funding Opportunity Number (FON). This information is very helpful for all parties involved but especially with opportunities that utilize the Grants.gov application process.
- **Sponsor Program Name:** If applicable, enter the name of the agency program for which the application is intended. For example, NSF offers many funding opportunities but each has a distinct name, such as the Postdoctoral Research Fellowships in Biology, Frontiers in Earth System Dynamics, or Paleo Perspectives in Climate Change.
- **Proposal Guideline URL:** If applicable, enter the web address of the guidelines/instructions associated with the Sponsor's announcement and application materials.
- **Prime Funding Agency:** The Prime Funding Agency field applies when the University receives a sub-grant or subcontract from an intermediate funding source (e.g., NIH awards a grant to Duke and Duke awards a sub-grant to the University. In this case, NIH is the Prime Funding Agency and Duke is the Funding Agency).

- Address: Provide the address of the funding agency to which the proposal will be submitted.
- Contact Phone: Provide the phone number for the contact person at the agency to which the proposal is being submitted.

The General Information consists of the following fields:

- *Short Project Name: This may be different from the full Project Title and is used for tracking purposes.
- *Project Start Date: Please use the calendar feature to select the proposed start date for the project.
- *Project End Date: Please use the calendar feature to select the proposed project end date.
- *Activity Type or Chess Code: Please select the most appropriate activity type from the drop-down list (e.g., Research, Training).
- Proposal Type: Please select the appropriate label.
- Supplement: Select this identifier if you are requesting additional new dollars, extending the period of performance, or requesting a change in the scope of work on an existing award.
- New: Select this identifier if you are requesting new dollars NOT associated with an existing contract or grant.
- Non-Competing Continuation/ Progress Report: Select this option if you are requesting release of dollars previously committed by sponsor/agency for an existing contract or grant.
- Renewal or Competing: Select this label if you are requesting new dollars for continuation of an existing award to establish a new budget period.

*Will this proposal be submitted electronically to the sponsor? ☐ Yes ☐ No
If yes, please enter the following information
Select electronic method: ... If other please describe:

*Does the sponsor require a paper copy of this proposal or any part thereof? ☐ Yes ☐ No
If yes, please enter the following information
Do you want OSP to mail the proposal to the sponsor? ☐ Yes ☐ No
How many copies are required?
Sponsor's Mailing Address and Contact Phone Number:

*Is this proposal a SNAP? ☐ Yes ☐ No
(Streamlined, Non-Competing, Award Process)

*Is this proposal being submitted for funding under the American Recovery & Reinvestment Act (Stimulus Funding)?
☐ Yes ☐ No

*Award Admin Dept:

Affiliated Center(s): [Click Here to Choose Affiliate Centers](#)

*Sponsor Deadline: Time: Eastern
Postmark: ☒ Receipt: ☐

Previous Act/Fund Number:

*Title of Project:

Save

Figure7 Shows questions from the General Info Screen

- Resubmission or Amendment: Select this identifier if a previously submitted proposal is being reviewed for funding by the sponsor. The submission of a revised request would occur for the following reasons:
 - Revised Personnel
 - Revised Cost Share
 - Revised Budget
- If your proposal does not match one of the descriptors above, please contact your department's contract specialist in the Office of Sponsored Programs to discuss the specific circumstances.
- Award Type: Select the appropriate label.
- *Will this proposal be submitted electronically to the Sponsor? Indicate if the proposal is to be submitted to the sponsor by an electronic method (i.e., Grants.gov, email, etc.).
- Does the sponsor require a paper copy of this proposal or any part thereof? Please indicate if any physical documents are to be submitted to the sponsor. If this is the case, it will be necessary to bring the documents with a bar-coded cover sheet to the OSRP office (the PI and eIPF creator will receive an email directing them to provide the cover sheet and any hardcopy documents once the eIPF has been approved by all departments). If paper copy is required, provide the number of copies and courier address proposal is to be mailed to. Additional mailing instructions can be left as a submission note.
- *Is this a SNAP? (Streamlined, Non-Competing, Award Process): Please indicate if this proposal is being completed for a SNAP. For more information about SNAPs, working with NIH, and eRA Commons, go to http://era.nih.gov/services_for_applicants/reports_and_closeout/esnap.cfm.
- Is this proposal being submitted for funding under the American Recovery & Reinvestment Act (Stimulus Funding)?
- *Award Admin Department (Lead Unit): Select the University Department that has the responsibility to manage the contract or grant. This unit will receive all C&G post award information such as monthly financial statements. *The departmental pick list is pre-populated and contains every Department, Center, School, and College on campus.*
- Affiliated Center/Institute: Select other University Centers/Institutes that will contribute space, personnel, or equipment to this project. (This information is pulled from the departmental pick list.)
- Sponsor Deadline: Enter the date by which the proposal must be received at the Agency/Sponsor. Please indicate whether receipt will be noted based on the day the proposal was sent (postmark) or the day the proposal was received by the sponsor (receipt date). Generally, OSRP and C&G review

Figure 8 Departmental Listing popup

proposals in the order in which they are received. Proposals should be submitted in RAMSeS a minimum of five business days prior to the sponsor deadline to ensure proper review and timely submission. (When proposals are not internally routed within the above timeframe, they will still be processed and submitted.)

- Previous Account Number (6 digits, no hyphen): If this proposal amends, supplements, renews, or continues an existing project, provide the most recent University account number. This information will assist in proposal review.
- *Title of Project: Include the full title of the proposal that THE UNIVERSITY is submitting to the Funding Agency. This title should match the title on the cover letter, the face page that will be sent to the sponsor, and the title listed on the abstract.

Once all the required fields have been completed, the “SAVE” button located at the bottom of the page should be clicked. Once the information has been saved, the proposal is assigned a number and a new menu will appear (see Figure) This initial menu will have only the General Info and Submission Notes sections checked as complete.

As you complete each section, it will be checked off (see Figure 9 below). **Once all sections are completed, you can click the SUBMIT button to route the proposal for electronic signatures.**

Figure 9 Shows all sections complete

Investigators/Research Team

In the Investigators/Research Team section, you will provide the requested information about all individuals involved with this proposal. The research team must include individuals named in the budget as well as administrative contacts and investigators whose research protocols (human and animal) may be used on the project. (See definitions below.)

NOTE: The departmental contact in OSRP, C&G and the appropriate department head and dean should not be added as an Administrative Contact to a proposal because they automatically have access to the proposals for their departments, school, or college. OSRP and C&G staff members also have access to every proposal in RAMSeS. Adding these individuals is unnecessary and it could delay routing of the proposal. Contact OSRP if you have questions about who should and should not be added to the Research Team and Key Personnel listing.

To add an Investigator:

- Click the magnifying glass icon and a pop-up window will appear that will allow you to search the UNIVERSTIY database by last name. If you cannot find an individual on the list, please contact your University's Office of Sponsored Programs. For each research team member, enter the corresponding phone, email address, department, role (see below), and expected percentage of effort (see below). In addition, if an individual holds dual appointments and the wrong department, in respect to your proposal, appears, you may change the department. (See Figure 10 below.)
- Role: There are several role types but the first person entered **MUST** be listed as the Lead Principal

Figure 10 Investigator/Research Team page

Investigator. Below is a listing of role types from which to choose.

- Lead Principal Investigator: Every proposal must have one (1) Lead Principal Investigator. This individual is responsible for the technical, regulatory, and financial aspects of the project. Please verify that the person listed as the Lead PI is eligible to serve in accordance with the following UNIVERSTIY policy: Only full-time permanent EPA employees are eligible to serve as Principal Investigators on sponsored research projects. Any exceptions require the approval of the department chair and the appropriate dean. For additional guidance on this policy, please contact OSRP at (910-672-1570).
- Principal Investigator: This individual should only be selected if the Sponsor allows for multiple PIs, meets all of the criteria for a PI, and is not the Lead Principal Investigator. The classification Principal Investigator in RAMSeS corresponds with the title Co-PI as used by funding agencies. All principal investigators have to certify the proposal in RAMSeS.
- Investigator: This individual is considered to be a primary contributor to the successful conduct of a research project. Investigators are not required to certify the RAMSeS proposal, but their respective department heads and Deans will have to authorize the proposal.
- Fellow: This individual is a student, pre or postdoc, applying for a fellowship or support for dissertation research whose mentor is the Lead Principal Investigator on this proposal.
- PostDoc: This individual has received a doctoral degree and serves on the research project.
- Administrative Contact: This individual has proposal edit rights, but is not named in the budget (e.g., department contract and grant manager). **REMINDER:** NEVER add the OSRP or C&G points of contacts as an Administrative Contact. They have access to all proposals in RAMSeS and adding them could hold up a proposal because of unnecessary delays caused by the related routing and approval issues.
- Other: This individual does not meet any of the above definitions.

RAMSeS does not view Investigators the same as agencies. Lead Principal Investigator would be the equivalent of a Principal Investigator with NIH or NSF and Principal Investigator would be equivalent to CO-Principal Investigators. When in doubt which to choose, contact OSRP for assistance.

- % Effort: This is the "Budgeted % Effort for Entire Project". Use the "Click to view effort report" link to review the current committed effort (from payroll) for the selected individual. The report will show a graphic representation of the most recent report of effort committed to research projects.

In addition, the report will list the various accounts and corresponding effort committed (including cost-share) with active links to those awards that will provide additional details. (Enter just numerals in this field, not decimals or the percent sign).

- **Allocation of Credit %:** Clicking on the Allocation of Credit % link will take you to the UNIVERSTIY policy on Facilities and Administrative Costs. The total F&A Distribution for the General Info screen must equal 100%. The entire 100% may be assigned to a single PI but this total may also be divided among several PIs. Please note that this is not a reflection of the amount of F&A requested in the proposal; rather, it is the distribution of the F&A recovered by the University and returned to the PI(s) and departments at the end of each fiscal year. Both the PI and the Department are allocated 10% of the F&A funds. An entry of 100% indicates that you request the full 10% F&A to be returned to the PI. When several UNIVERSTIY faculty or staff are collaborating, the 10% F&A return may be divided among the PIs but must be allocated in whole numbers (i.e., three PIs may divide it as follows: 34 + 33 + 33 = 100). (Enter just numerals in this field, not decimals or the percent sign).
- **Release Time Questions:** There are two questions that were on the paper version of the Release Time Certification form that was required of all faculty requesting course reduction if the project was funded. Answer YES or NO according to the project.

List of Investigators

The Lead Principal Investigator and all Principal Investigators will receive an electronic notification to certify their role on this project prior to submission to the Sponsor. (You may go back and "Remove" an individual who has been previously accepted. If you need to make changes to an Investigator already added to the proposal, you may click on the "Edit" link to the left of the individual's information. (See Figure 11)

Figure 11 Investigator/Research Team edit window

Budget

Fill in the budget information for the initial and total period of the project (see Figure 12 on next page). If the project is just one year, complete the Initial Period and then click the "Click Here if this is a one year project" link located to the left of "Total Budget/Total Request."

Do not use commas to separate hundreds, thousands, and millions in the budget fields. RAMSeS will not process the information if commas are included.

Initial/Current Budget Period

The initial period is the first year of the project.

- o Begin Date: The start date for the initial period/first year of the project. The begin date comes over from the information entered on the General Info screen.
- o End Date: The completion date of the initial period/first year of the project which will be 365 days after the begin date (for example, a July 1st start has a June 30th end date the following year).
- o Direct: The estimated direct costs for the first budget year of the project. (Do not use commas to separate hundreds, thousands, and millions.)

Administer Proposal

Submit Proposal

Budget

Periods of performance and estimated budgets. For one-year projects and non-competing continuations, both columns should match.

Initial/Current Budget Period		Total Period/Total Request	
Begin Date:	09/01/10	Begin Date:	09/01/10
End Date:	08/31/11	End Date:	08/31/11
Direct:	\$ 114500000.00	Direct:	\$ 114500000.00
F&A Base:	\$ 100005.00	F&A Base:	\$ 100005.00
F&A Rate:	15.00 %	F&A Rate:	15.00 %
F&A Amount:	\$ 15000.75	F&A Amount:	\$ 15000.75
F&A Base 2:	\$ 0.00	F&A Base 2:	\$ 0.00
F&A Rate 2:	39.50 %	F&A Rate 2:	39.50 %
F&A Amount 2:	\$ 0.00	F&A Amount 2:	\$ 0.00
Initial Funds Req:	\$ 114515000.75	Total Funds Req:	\$ 114515000.75

Budget and Budget Justification must be attached in the attachments section of this proposal.

If this proposal's F&A Rate is not 39.5% and/or cost sharing or cash matching is being requested, please include a submission note stating where to find this in the agency guidelines.

Cost Sharing or Cash Matching (initial/current budget period)

Does this proposal include funds or contributions in the form of required cost sharing or required cash matching?

☒ Yes ☐ No

If yes, please fill in below:

[Click Here to Add Cost Sharing/Cash Matching Unit](#)

Department	Amount	Account
Alumni Affairs	\$12,000.00	general

Remove

Check the appropriate cost sharing/cash matching type(s). Please check all that apply.

☐ Agency Mandated % or Amount:

☒ Voluntary (Mandatory if Awarded) Amount:

Please check all that apply:

☐ F&A

☐ In-Kind

☐ Matching

☐ Salary Cap

Other: (Limit 20 characters)

Are you requesting the Dean, Chair or Associate Provost for Research and Economic Development provide funds to support this proposal?

☐ Yes ☒ No

Personnel/Space/Equipment

Do you need new additional resources to do this project over and above what is requested in the proposal budget?

☐ Yes ☒ No

If yes, check those needed resources below. Please check all that apply:

☐ SPA Personnel (new positions only)

☐ MHRA Space

☐ Other Space

☐ Equipment

Please provide a brief explanation for the additional resources:

Figure 12 Budget screen in RAMSeS.

- F&A Base and F&A Base 2 (or Modified Total Direct Costs [MTDC]): All salaries and wages, fringe benefits, materials and supplies, services, travel and subcontracts up to \$25,000 of each subcontract (regardless of the period covered by the subcontract). The University's F&A base excludes equipment, capital expenditures, and charges for patient care and tuition remission, rental costs of off-site facilities, scholarships, and fellowships as well as the portion of each subcontract in excess of \$25,000. Equipment is defined as an item costing \$5000 or more per unit. (Reminder: Mandatory in-state tuition for eligible GRAs on research grants must be excluded from the F&A cost base for each budget year.)

- o F&A Rate and F&A Rate 2: The F&A rate defaults to the current Organized Research rate, but may be changed by clicking "Change Rate" and entering a different rate in the field.
- o Required Submission Note: If the F&A rate is different from the University's on-campus rate of 39.5% or its off-campus rate of 26%, you should include a submission note with your proposal telling why the rate is different (see submission note instructions below). If it is agency mandated, instruct OSRP where to find this information in the guidelines for the project.
- o F&A Amount and F&A Amount 2: Click "Calculate Amt" to obtain the product of the F&A base and the F&A rate. If necessary, this field may be edited manually. Initial Funds Req (Requested): This field may either be calculated by clicking "Calculate Total" or changed manually.

If your project lasts only one year, you should click the "Click Here if this is a one year project" link to the right of Total Period/Total Request. This will copy the information from the Initial Period to the Total Period so that you do not have to enter the information again.

Total Period/Total Request

Enter the cumulative fiscal information for the entire grant funded period in these fields. Total period include all years of the proposed project. This could be one year or multiple years.

Cost Sharing or Cash Matching (initial/current budget period)

NOTE: All cost sharing must be documented in accordance with established criteria. The Lead Principal Investigator and his/her department chair must concur with and commit to any cost shared resources.

- Does the proposal include funds or contributions in the form of cost sharing or cash matching? Please indicate whether this proposal commits THE UNIVERSITY, the Department or Center/Institute, and/or a subcontractor to provide cost sharing or cash matching in support of the project. If the answer is yes, please select the unit on campus that will be providing the match by clicking on the blue link that reads "Click Here to Add Cost Sharing/Cash Matching Unit." You will need to provide the unit, amount and account number from which the funds are to be drawn.
 - o If yes, check the appropriate type(s): Please check all that apply.
 - Agency Mandated: Cost sharing which is required either by federal statute or established by sponsor policy. The costs are documented and are necessary and reasonable to properly and efficiently accomplish project objectives.
 - Voluntary (Mandatory if Awarded): Cost sharing which is not required by federal statute or sponsor policy, or which is in excess of any such stated requirements and is volunteered to substantively demonstrate the collective university commitment to a project.

- F&A: The PI elects to provide cost sharing by charging less than the full indirect cost rate applicable to the project. This type of cost sharing requires F&A rate reduction approval by OSRP.
 - In-Kind: Normally encountered in public service -oriented projects involving the contribution of services from outside the University. Such services might be donated by student tutors, private MDs, dentists, volunteers, etc., or consist of property donated by non-federal third parties. Although the University does not pay for such services, these must be documented and should, at a minimum, entail a record of dates and time donated by the individual. IMPORTANT: FAILURE TO MEET OR ADEQUATELY DOCUMENT IN-KIND CONTRIBUTIONS COULD RESULT IN A PRO-RATA PORTION OF UNIVERSITY-INCURRED COST BEING DISALLOWED AND THE CREATION OF A SERIOUS FINANCIAL PROBLEM.
 - Matching: Involves a University contribution of funds specifically appropriated for and allocated to the project. The allocation and billing of project costs is processed in accordance with the agreement—for example, 75% Federal and 25% non-Federal.
 - Salary Cap: A mandatory form of cost sharing whereby a sponsor (typically the NIH) places an upper limit on the salary payable to a PI.
 - Other: Use this field to describe other types of cost sharing or cash matching.
- Are you requesting the Vice Chancellor for Research and Economic Development (ORED) provide funds to support this proposal? Please indicate whether this proposal commits the University or a subcontractor, not the Department/Institute, to provide cost sharing or cash matching in support of this project.
 - Required Submission Note regarding matching: If cost sharing or cash matching is to be included in your proposal, please provide a submission note (see submission note instructions below) that lets OSRP and other IPF approvers know if it is required or voluntary. If the cost sharing/cash match is mandatory, please include sufficient information in your submission note to allow IPF approvers to find the stipulation in the project's guidelines.

Personnel/Space/Equipment

Do you need additional resources to do this project over and above what is requested in the proposal budget? If the answer to this question is yes, check any options that apply and provide justification for each in the space provided as well as indicating if approvals from your (or other) department(s) have been obtained for allocation of these additional resources.

Once all sections of the budget page have been completed, click the Save button to retain the information that has been added and move to the next step in completing the RAMSeS proposal.

Conflict of Interest

PIs must ensure that members of the Research Team are not involved in activities that may create an actual or perceived conflict of interest as it would relate to the conduct of the research and/or a member of the research or project team's relationship with the sponsor. If you think a conflict exists, see the University's Policy on Conflicts of Interest and Commitment.

Once all questions have been answered, click the "Save" button to save the information entered and to advance to the next page of the RAMSeS file.

Research Subjects

For both human and animal subjects, answer the questions as they apply to the current project.

Human Subjects (direct link to OSRP)

If the proposal involves human subjects and submission to the Institutional Review Board (IRB) has been completed, provide the protocol number assigned by the IRB within the Office of Sponsored Research (OSRP). Clicking on the magnifying glass will allow you to identify all human subject protocols for every member of the research team who is listed on the Investigator/Research Team page. Select the relevant protocol(s) for this proposal from the list (see Figure ?? below).

The remaining Yes/No questions are necessary for IRBs to accurately link research proposals with approved protocol(s). Please answer these questions to facilitate the work of the IRB.

If the proposal involves human subjects and no submission to the IRB has been made, indicate:

- **JIT (Just in Time processing):** This indicates that submission of a protocol will be made to the IRB once the

University is notified that funding/award is imminent.

- Not Submitted: Some explanation required. The PI will need to know why this option exists and how it differs from JIT.

Animal Subjects (direct link to OSRP)

If the proposal involves animal subjects and submission to the Institutional Animal Care and Use Committee (IACUC) has been completed, provide the protocol number assigned by the OSRP. Clicking on the magnifying glass will allow you to identify all animal protocols for every member of the research team who is listed on the Investigator/Research Team page. Select the relevant protocol(s) for this proposal from the list.

The remaining Yes/No questions are necessary for the IACUC to accurately link research proposals with approved protocol(s). Please answer these questions to facilitate the work of the OSRP and IACUC.

If the proposal involves animal subjects and no submission to the IACUC has been made, indicate:

- JIT (Just in Time processing): This indicates that submission of a protocol will be made to the IACUC once the University is notified that funding/award is imminent.
- Not Submitted: Some explanation required. The PI will need to know why this option exists and how it differs from JIT.

Figure13 Shows an example of the Research Subjects section.

Research Materials

Special University clearances may be required if these types of research materials are used in the sponsored project. If any of the hazardous research materials listed will be employed in the project, please contact OSRP for guidance regarding these questions at xxxx@uncfsu.edu

Once all questions have been answered, click the “Save” button to save the information entered and

Done

advance to the next page of the RAMSeS file.

Subcontractors

If subcontractors are included as part of the proposal, list the subcontractor names and provide the information requested below (see Figure 14). Search for subcontractors by key word (i.e., one word from the subcontractor's legal name); if the subcontractor is not listed, use the Not Listed option to manually add the subcontractor.

Items to include as attachments related to subcontractors (see below for instructions related to attachments):

- 1) Subcontractor statement of work
- 2) Subcontractor budget
- 3) Subcontractor budget justification
- 4) If NIH is the sponsoring agency, include a 398 and a 2590 face page, budget pages for initial and subsequent years, budget justification, checklist, and the University Subcontract Commitment Letter.
- 5) If NIH is not the Sponsor Agency, a University Subcontract Commitment Letter is still a necessary attachment.

Figure 14 Subcontractor Screen

Additional information that may be required includes (1) the negotiated Indirect Cost Rate Agreement and (2) Representations and Certifications.

If the project has no subcontractors, click the No Subcontractors button to save the page and advance in the RAMSeS file.

Export Control

The University's Export Control page has been created to assist with determining whether compliance issues exist. There is also information about this topic available on websites (list several here). The Office of Legal Affairs will assist PIs in assessing the application of such regulations, but primary compliance responsibility will rest with the Lead Principal Investigator for the project or program. If you have any questions about export control regulations, please contact the Office of Legal Affairs.

With respect to Export Controls, the Lead Principal Investigator shall determine, with OSRP assistance or input, that any research affected by the Export Control Act complies (in advance of/before initiation of the project) with the Act's regulations and reporting requirements in order that an export license can be obtained, should one be required. The Lead PI shall also determine whether any change in the scope or addition of new staff may require a reassessment of this determination.

As a result, the Lead PI must complete the Export Control page in RAMSeS (see Figure 15 below) by answering the following questions:

* Do you anticipate sending/transporting anything or receiving anything from outside of the U.S.?

Figure 15 Export Control screen

This applies to both actually exporting or importing equipment or other items or hand-carrying items into or out of the country.

* Do you anticipate any travel outside the U.S. associated with this project?

This question applies to any member of the research team.

* Will you send your research results to a foreign country or foreign national?

This applies to unpublished documentation. The term "foreign national" is defined as a person (individual as well as a corporation, business, association, partnership, society, trust, or any other entity, organization, or group, including government entities) who is not a lawful permanent resident of the United States (i.e., an individual who has not been lawfully accorded the privilege of residing permanently in the United States as an immigrant in accordance with the immigration laws or who is not a protected individual). In addition, the term "foreign national" also applies to a person who has not been issued a "green card" by the U.S. government, or who possesses only a student visa.

* Is any member of the research team a foreign national? See above for definition.

* Does this proposal involve carrying out classified research, not to include work with "select agents," on campus or require a security clearance for University personnel?

Once all questions have been answered, click the Save button to save the information entered and advance to the next step in the RAMSeS file.

Intellectual Property

Management of intellectual property has significant overlap with management of sponsored research. Contractual terms in sponsored research agreements and licensing or material transfer agreements can sometimes conflict. Your answers to these questions will help OSRP speed communication and avoid problems that may delay your project.

Figure 16 Intellectual Properties Screen

For additional information regarding any of your intellectual property questions, please contact the Office of Legal Affairs at xxx@uncfsu.edu.

Disclosure: Disclosure refers to the submission of an innovation disclosure notification to the Office of Legal Affairs. This documentation may lead to the filing of a patent application and may further lead to commercial licensing of the invention, regardless of whether a patent application was filed.

Patent: A patent is a federal grant based on an invention that gives the holder the right to exclude others from making, using, or selling the invention. A patent application gives notice that such rights may arise in the future; however, the right to exclude others begins only when the patent is issued.

Sponsored research projects may focus on further development of University inventions already claimed in a patent or patent application, or patented inventions owned by outside parties may be relevant to the project. Situations of this type make it necessary for OSRP to address these issues appropriately in the sponsored research agreement and this requires the information requested in this section of RAMSeS.

Transfer Agreement: A transfer agreement can be a Material Transfer Agreement (MTA), academic or research use license, or any other written agreement under which the University researcher has obtained the limited right to use something owned by another entity. University researchers also share materials with outside parties under an MTA or other forms of research use licenses.

Should the sponsored research proposal contemplate using materials, data, or software obtained under such an agreement, OSRP must take care to avoid conflicting obligations between the transfer agreement and the sponsor of the proposed research.

License: A license is a written agreement whereby the owner of property grants limited rights related to that property to another. A commercial license for tangible property (material) or intellectual property typically grants the right to make, use, or sell the property.

If a University invention is licensed to a commercial entity and is also to be used or further developed in the proposed research, OSRP must take care to avoid granting rights for that invention to the sponsor of the proposed research.

In order to complete this section of the RAMSeS file, you must answer the following questions:

Is this proposal an SBIR (Small Business Innovation Research Program)?

SBIR is a highly competitive program that encourages small businesses to explore their technological potential and provides incentives to profit from the commercialization of said technology.

Is this proposal an STTR (Small Business Technology Transfer Program)?

STTR is an important small business program that expands funding opportunities in the federal innovation research and development arena. Central to the program is expansion of the public/private sector partnerships to include joint venture opportunities for small businesses and the nation's premier nonprofit research institutions.

Once all questions have been answered, click the Save button to save the information entered and advance to the next section of the RAMSeS file.

Community Benefits

All sponsored programs provide benefits in the sense of institutional support, employment, training of students, and the economic multiplier effect (e.g., university, employee, student, and visitor spending). However, these questions are intended to address projects that emphasize benefits to North Carolina citizens beyond the immediate university community. Please check all that apply to the proposed project. In addition to answering each of the principal questions, please respond to the subpoints that identify the location or extent of the expected benefit.

* Does this project promote economic development?

* Does this project provide information, services or other resources directly to the community?

*** Does this project promote the health and well-being of community residents?**

The UNC Tomorrow report has identified several areas where UNC must report on existing activities that meet the needs of North Carolina. Please interpret these areas broadly and select one from the drop-down list that best describes your primary activity. In addition, please check any that may also describe your activity (check all that apply). If you feel that your activity does not fall within one or more of these choices, please choose 'Other'.

***Please Select Primary Activity (choose one).**

Health

Please select additional areas that also describe your activity (check all that apply).

- ☐ Global Readiness (i.e., problem solving, team work, entrepreneurial thinking, experiential learning, national and international university partnerships, global awareness)
- ☐ Increasing Access to Higher Education (i.e., programs in underserved areas or for non-traditional students, accommodation of persons with disabilities, educational attainment of underrepresented populations, campus diversity, retention and graduation, distance and online education)
- ☐ Improving Public Education (i.e., quantity, quality and geographic distribution of teachers; alternative certification, particularly in science and math; professional development for preK-12 teachers; pressing challenges like drop out rates, low-performing schools and poor student performance)
- ☐ Economic Transformation and Community Development (i.e., regional development; needs of rural or underserved areas, small and existing industries; stimulation of new and emerging industries; tech transfer and research innovation; promotion of arts and culture; facilitation of inclusive discussions of community issues)
- ☐ Health (i.e., campus-based services, addressing critical health and public health challenges; utilizing health information to inform and address critical issues, health disparities)
- ☐ Environment (i.e., campus environmental sustainability, energy and environmental challenges, public awareness and educational programs)
- ☐ Other

Save Reset

Figure 17 Shows the UNC Tomorrow selections on the Community Benefits page.

Does this project involve the study of birth-to-12th grade education?

*** Does this project promote adult education and/or life-long learning?**

*** Does this project involve research with an Institute or Center within the University?**

***“UNC Tomorrow”** – The information requested in this section is being gathered at the UNC General Administration’s request to assist them in reporting on research activities that meet the needs of North Carolina’s citizens as outlined in the UNC Tomorrow report (see Figure 17).

*** Please Select Primary Activity** – Please select one or more of the listed categories that best describe(s) the primary activity(ies) in your proposal. The options are: Global Readiness; Increasing Access to Higher Education; Improving Public Education; Economic Transformation and Community Development; Health; Environment; or “Other.”

Once all questions have been answered, click the Save button to save the information entered and move to the next section of the RAMSeS proposal record.

Location of Sponsored Activities

For each location that is added, a percent of time must be provided (i.e., under the In-State County heading an entry of “Cumberland 20%” indicates that 20% of the project activity will occur in Guilford County, NC).

University Locations:

In the drop-down box, select the specific campus location(s) where research will be conducted.

Out-of-State Locations:

In the drop-down box, select the state(s) in which sponsored activities will occur. More than one state can be selected or all states can be selected.

In-State County Locations:

In the drop-down box, select the NC county or counties in which sponsored activities will occur. More than one county can be selected or all counties can be selected.

Out-of-Country Locations:

Please select the name(s) of the country or countries where sponsored activities will occur.

Once you have selected all applicable locations, you may move to the next screen in the RAMSeS file.

Application Abstract

At this screen (see Figure 18), please select a Classification of Instructional Programs (CIP) code that describes the type of research contained in this proposal; select an applicable CIP category from the drop-down list. The CIP is a taxonomic coding scheme that contains titles and descriptions of predominantly postsecondary instructional programs. It was developed to facilitate the National Center for Educational Statistics’ (NCES) collection and reporting of postsecondary degree completions by major fields of study using standard classifications that capture the majority of reportable program activity.

For additional information on CIP codes, please visit the NCES website at <http://nces.ed.gov/pubs2002/cip2000/ciplist.asp>.

* I give permission to include this abstract in the Research Abstracts Database (RAD):

Select Yes/No to indicate whether you wish the proposal abstract to be published in the University Research Abstracts Database (RAD). RAD is a database designed to match faculty researchers with potential collaborators and funding resources and to help identify expertise and areas of research interests on the University campus. All abstracts in the database will be available to the public. If the project abstract contains ANY university or sponsor proprietary information such as a description of a potentially patentable

invention (i.e., a new and useful process, machine, article of manufacturing, composition of manufacture, or related improvements), you **MUST** not give permission for it to be published (check "No").

The abstract should be plainly written in sufficient detail to summarize at least: (1) the purpose(s) or problem(s), (2) the hypothesis(es) or objective(s), and (3) the method(s) of the project(s).

If the project involves a potentially patentable invention, the PI should contact the Office of Legal Affairs at (910) 672-1145 for invention management assistance.

Attachments

You may add as many attachments as necessary. These attachments will be available to all IPF approvers (persons authorized to sign/approve the proposal) listed on the "Approving Departments" tab. -On the RAMSeS attachment list, these documents will be labeled "IPF" indicating that they were uploaded during the submission of the IPF. Once submitted, attachments may only be viewed. After submission in RAMSeS, documents included as attachments may only be revised by downloading them, editing them, and uploading the revised version. If an attachment needs to be removed from the RAMSeS attachment list, contact OSRP.

The screenshot displays the 'Application Abstract' page in the RAMSeS system. On the left, a sidebar lists various proposal sections, with 'Application Abstract' highlighted. The main area contains a form with a dropdown for 'CIP code' (Science Code) set to 'Health Professions And Related Clinical Sciences'. Below this is a text area for the abstract, preceded by instructions on what the abstract should contain and a warning about patentable inventions. At the bottom of the form are radio buttons for 'I give permission to include this abstract in the Research Abstracts Database (RAD)' and 'Save'/'Reset' buttons.

Additional proposal documents may be uploaded after the IPF has been submitted and assigned for viewing by persons occupying the following roles: IPF Creator, Lead PI Only, Admin Award Dept IPF Approver, Lead PI Appt., Dept IPF Approver, Certifying Investigator(s), Research Team, or All IPF Parties. Any document uploaded after the IPF is submitted will be automatically viewable by the Admin Office as well as OSRP.

Such documents may include a JIT copy of the IRB or IACUC approval documents. On the RAMSeS system table of attachments associated with the proposal, these documents will be labeled “Post Approval” indicating that they were uploaded after the IPF was submitted.

Approving Departments

Please review the “List of Approving Departments” at the bottom of this screen. Each school or college represented in the proposal by a person or department must be listed. This section is pre-populated based on information entered in the Investigator/Research Team section with one exception. RAMSeS **does not** automatically add the Dean’s Office, therefore, **it is the RA/PI’s responsibility to make sure all**

Schools/College Dean’s office is

represented. Note: The Award Department is always listed first and cannot be changed or removed. The additional departments listed are those that must approve the eIPF. This list will include the departments of each Investigator named on the project. The routing order for these departments can be changed to make them sequential or concurrent by changing the number in the drop-down box to the left of the department name. You may add other

departments by clicking the magnifying glass icon and choosing from the alphabetical list. A listed department can be removed with the Remove- prompt to the right of the Role(s) column.

Proposal and Award Development For immediate assistance contact OSP at 336-334-5879

REPORTING ADMIN LOGOUT

>> Approving Departments

Colleges/Schools should be last in routing order. Please verify that the routing is correct.

Add all departments affiliated with this proposal below.

One of the following offices will authorize this proposal on behalf of the University. Do not add these departments:

- Office of Sponsored Research
- Sponsored Programs Office, Medicine
- Office of Clinical Trials

Add Approving Department [Help](#)

Department:

List of Approving Departments: (to edit the information, remove first, then add back)

Routing Order	Dept Number	Department	Role(s)
1	RSS	Sponsored Programs	Award Dept, Lead Principal Investigator, Principal Investigator
2	RSH	Research And Economic Development	Other Approving, Rollup From - RSS, Rollup From - RSS, Rollup From - RSS Remove
3	ALA	Alumni Affairs	Cost Share/Cash Matching Unit

Figure 19 Approving Departments screen. NOTE: Please add the Dean’s Office as an approving department in this section for all departments affiliated with this proposal.

Submission Notes

Submission notes are used to communicate important information about the project both prior to and after submission. Information here could be mailing information that needs to be communicated to the OSRP staff, or budget information that C&G wants to let everyone know for a particular project. Submission notes may also state whether sponsor guidelines limit the F&A rate for submissions or may outline the reasons for voluntary cost sharing or matching.

Routing (ROUTING PROTOCOL MAY CHANGE)

Once all the categories listed in the Item List at the left of each RAMSeS screen have a red check mark beside them, the Submit button for the entire proposal can be clicked. This initiates the routing process for

review and approval. Submitting the proposal for review and approval triggers email notifications to be sent to all persons needing to approve the proposal before the sponsor deadline.

If any of the investigators named in the proposal clicks the Submit button for the group, the screen will look similar to the one in Figure 20 below. As approvals are given, the appearance of the screen will change. If the PI was not the party who submitted the proposal for review and approval, he/she may gain access by clicking on the number beside “PI Certification” at the extreme lower left on the home page and then clicking on the corresponding number. Department Heads and Deans will do the same, except in their case, access is gained by clicking on the number beside the Dept Approval Inbox at the extreme lower left of the screen.

>> Proposal Authorization

As Dean/Chair/Director, I understand and assume the following responsibilities with respect to this application:

- It is an appropriate activity within the Department/Center/Institute; and supports the mission of the University.
- That the Department/Center/Institute has agreed to provide the resources identified in this application.
- When applicable, these resources could include cost sharing and the responsibility for reimbursement of costs to the University in the event that the sponsor is unable to pay the University for research expenses incurred during the period of performance of this project.
- When applicable, since the University policy mandates only full-time, permanent EPA employees may serve as principal investigator (PI), with respect to this application, I approve this individual's eligibility to serve in the role of PI despite his/her part-time employment status.

In the event that I have delegated my signature authority to the person signing this Internal Processing Form in my absence, a copy of the delegation is on file at my organization. However as Dean/Chair/Director, ultimate responsibility remains with me.

Please enter any comments you might have regarding this proposal

[Submit Authorization](#) [Cancel](#)

Figure 24 Authorization electronic signature screen

Once all Department Heads and Deans have approved a proposal, it moves to Contracts and Grants for review and approval of the budget. Contracts and Grants will then move the proposal to Sponsored Programs for final approval before the proposal is submitted to the sponsor.

Department Heads and Deans can choose to reject a proposal if there is something wrong with it by clicking the Reject Proposal button (also found in the row of buttons at the middle of the screen). If you choose to “reject” a proposal, a submission note must be submitted explaining why the submission was rejected.

OSRP does not encourage rejecting a proposal. Instead, we ask that you contact OSRP by email at xxxx@uncfsu.edu or phone (672-1570) with the request to have the submission returned to the PI. When you do this, please post a submission note in the proposal’s RAMSeS record describing why it was returned to the PI.

Working with an existing proposal

Click on “My Proposals” and then choose either the **Unsubmitted** or **Submitted Proposal** tab. A list of proposals including the date submitted by the PI, the proposal number, the project name, the sponsor, the submission deadline, the viewer’s role in the project, the project status, a copy button, and a PDF symbol will appear. Using this list, you may click on a proposal number to gain access to the proposal and begin working with it (see Figure 25).

Figure 26 View of navigating an approved proposal

- **Approvals:** The Approvals tab lists everyone who has to electronically approve the submission and the date and time they certified/authorized the proposal.
- **Compliance:** Shows all information related to the IRB/IACUC compliance of the proposal based on the answers given to the RAMSeS questions at time of submission.
- **Status History:** Shows every time the status changed on the submission (i.e., changed to awarded, changed by Martisha Wallace, date 6/15/2010 10:46 AM).
- **Assumptions of Risk (AOR):** This tab is used for submitting Assumptions of Risk or Financial Guarantees, depending on how your University refers to them. Should you have questions, please contact OSRP.
- **Awards:** Shows all awards made with respect to the proposal. You may access individual awards by clicking on the award number in the list appearing on the next screen.
- **Notes:** The tab that has a sheet of paper with a turned down edge is the notes tab. This tab allows access to view all submission notes related to the proposal and offers the ability to add new ones.

Submission notes CANNOT be deleted and everyone with access to the proposal in RAMSeS can read them. Exercise your best judgment when drafting a RAMSeS submission note.

- Attachments: The paperclip tab is where attachments can be found and added to a proposal once it has been submitted for review and approval by the PI. Once a proposal has been routed for signatures or has reached the PROPOSAL APPROVED status, all of the following—Investigators, Administrative Contacts, Departmental Contacts, or OSRP—may add documents to a proposal. However, at this point only OSRP may remove attachments or make other changes that may be needed.

For Department Heads and Deans

Department Heads, Deans, and anyone listed as an IPF Approver (person authorized to sign on behalf of the Department Head or Dean) may access proposal data in RAMSeS through PROPOSALS IN MY DEPT or DEPT APPROVAL INBOX depending on the access level given to each individual. These prompts are in the left-hand column of the RAMSeS screen.

If a person has been give access to proposal data, he/she may access the proposals for their department under PROPOSALS IN MY DEPT. Proposals will be visible to all departments that have been granted access. If a person is an IPF Approver as opposed to a department Chair or Dean, proposal data may be accessed through DEPT APPROVAL INBOX. When accessing projects with the DEPT APPROVAL INBOX, depending on the routing status, proposals can be found under either the UNSUBMITTED PROPOSALS or SUBMITTED PROPOSALS tab (yellow and green tabs in upper middle of the screen). Once the desired proposal has been found, click on the proposal number to access it.

At any time a proposal is in development, an Adobe printable document of everything that has been entered in RAMSeS for that proposal may be obtained by clicking on the Adobe icon  that appears at the far right in the list of proposals.

Figure 27 Report listing within RAMSeS

RAMSeS offers a wide range of reporting options that anyone can access. To access the reports click on the Reporting link on the blue menu bar in RAMSeS. The screen will look like figure 27 above. Each report can be exported to Excel for modification and review. If you experience problems running any report, contact OSRP.

Awards Management

Accessing awards is done one of two ways depending on the role of the individual accessing them. If it is a person named on the proposal or the individual who created the proposal in RAMSeS, awards will be found under “My Awards” or “My Proposals”. If it is the RA who is trying to access awards, they will be found under “Awards in My Department” or “Proposals in My Dept”. If using “Proposals in My Dept.” or “My

Proposals”, once a proposal has been selected, awards can be accessed under the Awards tab. (see Figure 28)

Individual awards and Project information can be accessed from this screen. **Note: PIs and RAs have READ ONLY access to award materials. Only OSRP can make changes to award data.**

The screenshot shows the 'Awards' tab within the 'Proposal Administration' section. It displays a table of awards for the proposal 'Relations Between Early Emotion and Cognitive Processes'.

Award No	Sponsor Award No	Amount	Reporting Designation	Prime Account	Budget Begin Date	
A06-0154-001	1R01HD050806-01A	\$280,635.00	New	200041	5/01/2007	Go to Project
A06-0154-002	1R01HD050806-01A	\$272,497.00	New	200041	5/01/2007	Go to Project
A06-0154-003	5R01HD050806-03	\$267,047.00	New	200041	5/01/2007	Go to Project
A08-0029-002	210732B	\$20,584.51	New	205306	10/01/2008	Go to Project
A06-0154-004	5R01HD050806-04	\$267,047.00	New	200041	5/01/2007	Go to Project
A06-0154-005	5R01HD050806-05	\$264,376.00	New	200041	5/01/2007	Go to Project

Figure 28 Award view within RAMSeS proposals

When “Go to Project” is selected, the screen will appear as in Figure 29. The award project has tabs to access different parts of the awards much like the proposal view has.

General – The “General” tab shows the project title, PI, agency, payment

The screenshot shows the 'General' tab of the award project 'Relations Between Early Emotion and Cognitive Processes'. It contains various fields for project details, including PI, sponsor, dates, and payment information.

Project Title: Relations Between Early Emotion and Cognitive Processes
 PI: Susan Calkins
 Admin Award Dept: Human Develop And Family Studies
 Sponsor: US DHHS NIH National Institute of Child Health and Human Development (NICHD)
 Project Dates: 7/01/2006 - 4/30/2011
 Total Anticipated Funds: \$ 0.00
 Total Obligated: \$1,351,602.00
 Project Begin Date: 07/01/06
 Project End Date: 04/30/11
 Budget Begin Date: 5/01/2007
 Budget End Date: 4/30/2008
 Is extension approval required from the sponsor? Yes No
 Extension approval information:
 Prime Sponsor:
 Award Type: (10 - 15) Grant
 Activity Type: (110) Research - (CHESS 20)
 Cida No: 93.885
 Dfafs No:
 Contract Specialist: 01 - Michael Preuss
 Payment Basis: Cost Reimbursement / Scheduled Payment
 Payment Method: (14) Scheduled Payment
 Invoice Frequency:
 Invoice Instructions:
 Pass Thru Agency:
 Pre-Audit ID: 03 - Marie Louise Harrell

 Type of Activity:
 Buttons: Save Project Details, Delete Project, Cancel

(DRAFT

information, project and budget dates along with notes. Changes made to this screen only get saved when the **“Save Project Detail”** button is clicked.

Awards – The “Awards” tab lists all the awards for the project. It shows the RAMSeS award number, the Sponsors Award number, award amount, type of funds and the date it was recorded in RAMSeS. To see the detail of a particular award, click on the award number, which is highlighted in blue.

Award No.	Sponsor Award No.	Award Amount	Type of Funds	Dollars Fed Date
A06-0154-001	1R01HD050806-01A	\$280,635.00	New	8/28/2006
A06-0154-002	1R01HD050806-01A	\$272,497.00	New	8/08/2007
A06-0154-003	5R01HD050806-03	\$267,047.00	New	4/11/2008
A06-0154-004	5R01HD050806-04	\$267,047.00	New	8/21/2009
A06-0154-005	5R01HD050806-05	\$264,376.00	New	4/05/2010

Figure 30 Award screen has links to individual awards.

Account Type	Account	Status	Lead Inv	Dept/Org	Total Received	Total Distributed	Total Distributable
Prime	200041	Active	Douglas Levine	Psychology	\$1,351,602.00	\$798,470.00	\$553,132.00
Subaccount	200070	Active	Susan Calkins	Human Develop and Family Studies	\$798,470.00	\$ 0.00	\$798,470.00

Figure 31 Account view has links to individual account information.

Accounts – The Accounts tab shows information about each account on a project. When an account number is selected, it will open up a screen that shows detailed “read only” information about the account.

Events – The “Events” tab will list any events that have been created on an award project. Events are typically things that the OSRP and C & G staff will need to take care of at some point during the life of a project or after the termination of a project. They are usually technical and final reports.

Proposals – The “Proposals” tab shows every proposal that is linked to a particular project. An award project can have many different proposals listed due to annual renewals, continuations or supplements that have been requested. Each proposal listed can be accessed by clicking on the proposal number.

Figure 32 Proposal view has links to all proposals listed on a project.

Subcontracts – The “Subcontracts” tab will show every active subcontract that has been added to a project. This view shows the subcontract number assigned by RAMSeS, the account number of the subcontract, status, sponsor, date sent, date fully executed, and the total amount of the subcontract.

Subcontracts are accessed by clicking on the desired subcontract number. Attachments for subcontracts are only visible within the individual subcontracts. All subcontracts should be created by someone in OSRP to ensure that the terms and conditions meet the University’s guidelines. They also must have the signatures of both the authorizing official at the University and the agency providing the service.

Figure 33 Subcontract view has links to all active subcontracts for a project.

Notes- The “Notes” tab has an icon of a piece of paper with the corner turned down. It will show all notes that have been added regarding the project.

Attachments – The “Attachments” tab has an icon of a paperclip just like the attachment tab on the proposal side. It shows not only all the award attachments but also all of the proposal attachments. It lists the name of the attachments, the file size, file type, attachment type and who has access. If an attachment says “Admin Office”, only OSRP and C&G staff can access the file. If it says “All Parties”, everyone that has access to the file can see it.

Figure 34 Attachments view has links to attachments on both the awards for the project and each proposal linked to the project..

Individual Award Views

When an award is accessed, a screen will appear showing tabs much like those of the project. It carries over the project title and project number from the award project screen.

General- The “Award General” tab shows the award amount, sponsor award number, award type, reporting designation, dollars feed date, award notice received date, whether or not it is ARRA (Stimulus) funding, budget begin and end dates, the award admin department and notes that are relevant to this award.

Figure 35 Award General view has basic information for the individual award being viewed.

Award type can be one of the following:

- Supplement: Select this identifier if you are requesting additional new dollars, extending the period of performance, or requesting a change in the scope of work on an existing award.
- New: Select this identifier if you are requesting new dollars NOT associated with an existing contract or grant.
- Non-Competing Continuation/ Progress Report: Select this option if you are requesting release of dollars previously committed by sponsor/agency for an existing contract or grant.
- Renewal or Competing: Select this label if you are requesting new dollars for continuation of an existing award to establish a new budget period.
- Resubmission or Amendment: Select this identifier if a previously submitted proposal is being reviewed for funding by the sponsor. The submission of a revised request would occur for the following reasons:
 - Revised Personnel
 - Revised Cost Share
 - Revised Budget

Reporting Designation can be:

- New
- Carry Forward
- Prorate
- Interest
- Income
- Budget Revision
- Preliminary
- Agreement
- Pending

People – The “People” tab shows everyone that has a role on the proposal. The roles are the same as those on the Investigators/Research Team on the proposal side. They get added when a proposal is added to the award or someone manually adds a person.

The screenshot shows the RAMSeS Award Administration interface. At the top, there's a navigation bar with links like HOME, MY DASHBOARD, HELP, REPORTING, ADMIN, and LOGOUT. Below this, the 'Award Administration' section is active. It displays the following information:

- Award No.:** A06-0154-001 (with a [View Project](#) link)
- Amount:** \$280,635.00 (New)
- Prime Acct:** 200041 (Active)
- Sponsor Award No.:** 1R01HD050806-01A
- Last Updated:** -
- Project Title:** Relations Between Early Emotion and Cognitive Processes

Below this information, there are tabs for General, People, Events, Distributions, and Proposals. The 'People' tab is selected. It contains an 'Add Contact Information' form with the following fields:

- Last Name:
- First Name:
- Dept:
- Role:

There is an 'Add Contact' button below the form. Below the form is a 'List of Contacts' table:

Person	Department	Role	
Susan Collins	HDF Human Develop	Lead Principal Investigator	Remove
Eileen Kane	HES Dean's Off, School of HES	Administrative Contact	Remove

Figure 36 People view shows each individual that has been named on the award.

Events – The “Events” tab is like that of the submission and the award project “Events”. It shows events that have been created for OSRP or C&G staff. (See Figure 37).

Figure 37 Events view lists each event that has been created for the award being viewed.

Distribution – The “Distribution” tab shows all the accounts for current award and how much is distributed to each one. C&G adds the accounts and distributes the funds for each award.

Figure 38 Distributions view of an award.

Proposals – The “Proposal” tab lists the proposal that is linked to the current award. There should only be one proposal listed on each individual award. A project, however, can have many proposals linked to it. Proposals listed on awards are based on the project. A project can run for many years were an individual award may only run for one to three years based on the terms of the award documents.

Figure 39 Proposal view lists the proposal that is linked to the award being viewed.

Attachments – The “Attachments” tab shows all files that have been uploaded to the award that is being viewed.

Figure 40 Award Attachment tab lists all the documents that have been uploaded for the award being viewed.

Should an award have documents that the PI, RA or anyone else that has been granted access not be accessible, contact OSRP. With legacy data, there may be some files that cannot be accessed without OSRP making the needed change. When an award is not accessible, the PI or RA should contact the OSRP at 672-1570 and they will correct the problem.

If the PI or RA cannot find an award that they have documents for they should provide OSRP with the documents so the award can be created in RAMSeS and the accounts set up. All award documents should go to OSRP first. OSRP will then create the award so that C&G can set up the account. OSRP then routes notifications to the appropriate Dean, Department Head, Campus News, Provost Office and the Vice Chancellor for Research and Economic Development.
